

## Precision Bearings

Commercial Bearings also offer a range of quality chrome steel precision bearings, to compliment our existing range of unground bearings.

New to our range we have special extended inner precision bearings, these have an extended inner ring and come in a wide range of bores including rounds and hexagon, to view these follow this [link](#).

## Standard Precision Bearings

We stock and distribute popular ranges which have been procured from quality manufacturers at economical prices.

Deep Grooved Radial Bearings, Angular Contact, Double Row and Roller Bearings, as well as Full Complement and Caged Needle Bearings are available.

Applications for our bearings include Motorcycles, Electrical Machinery, Household Electrical Appliances, Sports Apparatus and Garden Equipment, such as Lawn Movers etc.

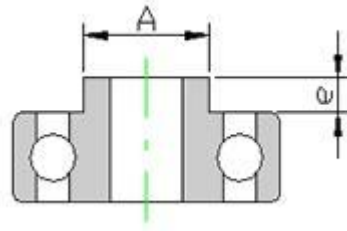

Precision Bearing	O/D	I/D	Width	Precision Bearing	O/D	I/D	Width
